Testimonials

“I had my wedding here and it was spectacular. It’s a rustic, beautiful, and a well thought out camp ground. The staff is extremely kind and willing to go the extra mile. We basically took over the place and they did everything we requested and with kindness.

The campers are absolutely adorable, all different, all lovely (and so fun). The views are unmatched, and it was just the best place to stay and have a wedding!!

You are able to stay for two days for weddings, it’s affordable, it’s one big glampin’ ho’ down and everyone you love spends the weekend together. It’s perfect.” *Courtney R*

“The entire experience with HLM was great! From booking, all throughout post wedding day, they were incredibly helpful with anything and everything we needed!

We rented out the entire campground and were able to enjoy a whole weekend with our family and friends. It was everything we dreamed it would be! Thanks HLM!” - *Mellisa P*

“Having never seen this location in person, I can truly say from the second we stepped on the land it exceeded ALL expectations.

There were views from every angle, fluffy white clouds you could only envision coming to life out of children's books filled the skies, each vintage airstream or trailer individually decorated sure to match anyones vibe, the updated lobby with all the cute memorabilia and the Taos Mesa Brewery being a stone throw away - all of it was EVERYTHING

Our ceremony took place out on the Mesa and the mountain landscape was truly the only decor we could have wanted, while our reception took place in the center of their property surrounded by their trailers. Dancing all night in their grassy circle, that @bossy_az also hosted yoga on the morning before - nothing short of multifunctional space.

Knowing my children were safe all weekend was an added bonus.
They had so much to explore during the trip and were really only inside their trailers to sleep. That was such a nice breath of fresh air for us all - (literally)

Soy Capitan, our humble abode for the weekend, was the first time we really debated if we could actually do tiny house living - still can't but the debate definitely grew stronger lol
Truly fell in love with HLM, I couldn't be more grateful to have stumbled across it. There are no coincidences” - *Chelsea*
